Editor’s Desk

Last Quarter, we focused on taking Education to the students who are worst affected by the COVID19 enforced new World order. Though, there is a digital boost, in our country – Surveys have showed 70 to 80% students don’t have access to Internet, Smartphones or Laptops.

Last quarter we started with launch of iSaksham; this quarter we started shaping up the dream to take Education to Students through programs like GTSE, DELP and Sikhsha ki Gadi. Know more about it this edition.

We look forward to our vision and support from patrons like you!
Thank you for being there…
